### SUMMARY:

I'm a frontend developer with a huge desire to learn new and improve. Currently, I'm looking for a new challenging project to develop myself even more. I have profound knowledge of HTML5/CSS3 including preprocessors (Sass/Less), a good understanding of responsive web design, and proficiency in working with native JavaScript (Typescript) & Frameworks (React, Redux). Also, I'm ready to learn new technologies. Currently interested in NextJS, Vue, MobX. I have experience in website layout and developing interfaces for web applications. More than 10 years of experience in sports formed in me a good understanding that persistence and stable work lead to good results.
